

# TO HAVE AND TO HURT

## Seeing, Changing or Escaping Patterns of Abuse in Relationships

Recognize the range of abuse and violence in relationships, from physical abuse to even the most subtle forms of abuse (such as emotional and financial abuse).

Change patterns of abuse, of abusing, or of being abused.

Understand how children and family members are affected in a domestic violence environment.

Recover from domestic violence, and from other troubled relationships.

Heal troubled relationship patterns, and troubled life patterns that may be repeating.

Understand the role of love, sex, drug, alcohol, and other addictions in abusive relating and as per healing abusive relating.
